

Help your employees to save on their everyday spending

The benefit that saves your employees money... for every £1 you spend, on average your employees save at least £10.

With so much pressure on household income, wouldn't it be great to provide a benefit that can help your employees save money every week, on the things they are already spending on?

Ink Rewards provides discounts and offers at over 1200 UK retailers who between them account for over 98% of all online spend in the UK. Ink Rewards offers Store Cards, Gift Cards, e-Vouchers as well as Cash Back and exclusive deals.

TOP 10 DISCOUNTS - with plenty more to be found on the Ink Rewards website

Help your employees to save on their everyday spending

Your brand

Our platform can be fully branded to make it 'your platform'. This is important to ensure that employees are engaged with the company and can associate their savings with you.

You pay

We keep it nice and simple. You'll pay a one-off setup fee to configure and brand the portal, then a per employee per month licence fee. The fees depend on the size of your business:

No. of Employees	£ per employee per month
1-49	£2.50
50 - 99	£2.00
100 - 249	£1.50
250 - 499	£1.00
500+	POA

Your employees save

Whilst your employees can access a wide range of retail discounts, just looking at the payback from the weekly grocery shop is compelling enough.

- The average weekly spend on groceries is £56.80*.
- If your employees shop at Tesco then their annual saving of 5% will be £147.68.
- The average annual saving from Ink Rewards is £250 per employee.
- A 20 employee business spends £600 per year on Ink Rewards; their employees on average save £5,000, now that's a return on investment!

*Based on figures from the Office for National Statistics.
